WINE LIST

This wine list of over 180 bottles is designed to represent the diversity and universal character of the wine world today as well as to complement the meticulously composed and innovative food of our Executive Chef, Philippe Striffeler. Food is our focus, wine is our passion. These hand selected wines are a balanced compilation of classic and esoteric wine regions that are both extravagant and approachable. We have selected wines not based on their reviews and accolades but based on their quality and stylistic correctness. Terroir specificity along with the purity of the flavors, value, and food friendliness were the main factors motivating our selections. They reflect their characteristic aromatic profile of their fruit, the expression of their geographic origins, and the specific wine making techniques. We have developed our wine list to reflect modern and traditional wine philosophies. Building relationships with several independent importers, a few main stream distributors, and many local boutique treasures has enabled us to represent many wine producing nations around the world while keeping our focus here in California. With this list we are pleased to share our passion as well as our knowledge of the perpetually changing world of wine. If you have questions please do not hesitate to ask our knowledgeable staff as they are trained to help with food and wine pairings in order to select wines that suit your palette as well as your budget.

Enjoy!
